Managing & Returning Audiobooks

Tap **My Books** to view:

Current: items on loan to you.

Returns: Items will automatically return on their expiry date.

Why should I manually return my Audiobooks early?

It is a courtesy to others who are waiting to enjoy the book that you just finished.

If you have a book checked out, no one else can read that copy. Just like a physical book, the book is unavailable to others when it is checked out.

Renew an item from 3 days before it expires, if there are no holds on it.

History: titles you've borrowed in the past.

Holds: your items on hold.

Tap **Remove Hold** to cancel a hold.

Saved: titles you save for later, like a wish list.

Account: add additional library cards to the app, set notification preferences, view help and tutorials.
