

SELWYN PUBLIC LIBRARY

Donations & Legacy Giving

GIVING MATTERS

Your donation to the Selwyn Public Library plays a crucial role in ensuring our library system remains a vibrant, inclusive and indispensable pillar in our community's educational and cultural landscape.

Thanks to community support our library is able to continue our mission statement of promoting lifelong learning, community well-being and personal growth.

Donations to our library allow us to expand and enhance programs and services offered for children, teens, adults and seniors.

Libraries are a vital source of information for individuals who might not have access to technology, the internet, educational resources, or research databases at home.

Your donations support the availability of free information to everyone in the community and allow our libraries to stay innovative and relevant in a changing world.

Your donation to our local library matters.

About Our Library

The Selwyn Public Library system consists of three branches and a Makerspace working in collaboration, sharing resources and staff to provide library services to the residents of the township and the surrounding area.

Our library system operates with the help of a large contingent of volunteers and community support. Our dedicated volunteers staff our circulation desk and assist with branch and Makerspace operations.

We provide fun and essential programs for all ages, including seniors' outreach, personal technology assistance, children and adult programming, after-school activities, community events, book clubs, and so much more.
